

SPIDERWATCH LAUNCHED

FIG Biosecurity are asking for your help to find 4 types of spider - 2 native and 2 non-native. Naomi and Rhiannon visited IJS last week to ask for the kids help in finding these spiders. The 2 native spiders are difficult to spot and have not been seen around much lately. The 2 non-native spiders have been introduced from UK and we want to know how far they have spread and approximately how many there are.

Spiderwatch is running until the end of February - You can help the kids to spot the spiders, they can get 'spider spot' forms from school and post their completed forms in the Spider Post Box (in the foyer at IJS).

We will also be sending the materials out to all camp teachers and children this week, as well as other youth groups. Get in touch if you haven't already heard from us and want more info!

Email: biosecurity@doa.gov.fk or call 27355 and ask for Naomi or Rhiannon. HAPPY SEARCHING!
